

Name _____

Date _____

Block _____

Confection Connection

Purpose: To practice making some observations. Remember that observations are based on the five senses and should be factual.

Directions: Part 1: Close your eyes while your teacher distributes an object to observe. Use only your sense of touch at this time. Use your other senses only when your teacher directs. Record your observations below:

Sense of Touch: Keep your eyes closed until the teacher tells you to open them. Describe what you feel. _____

Sense of Hearing: Listen as you unwrap the object. Describe what you hear. _____

Sense of Smell: Describe what you smell. _____

Sense of Sight: Describe what you see. _____

Sense of Taste: Place the object in your mouth. Describe what you taste. _____

Part 2: What other kinds of observations could we make that involve numbers or measuring?

Part 3- Write a detailed paragraph describing the object to a young child. Do not mention the name of what you are describing.
